CORE COMPETENCIES

- ✓ Custom Software Development (React, Python, Node.js)
- ✓ AI/LLM Integration (Claude API, GPT, NLP)
- ✓ Cloud Architecture (Azure, AWS, Cloudflare)
- ✓ Web Application Modernization (Accessibility-Focused)
- ✓ IT Strategic Consulting & Digital Transformation
- ✓ Federal Procurement & Proposal Support

WHY DELIVERYLINK

- AI-powered automation and legacy-system modernization designed to help organizations reduce manual processes and operational overhead.
- Hands-on federal procurement research and proposal preparation experience, including opportunity analysis and procurement workflows.

TECHNICAL PORTFOLIO

FinAdvisor Pro

Gives financial advisors instant, AI-assisted client guidance while meeting bank-grade security requirements — Claude API analysis, TLS 1.3 encryption, and role-based access control, deployed on Azure.

Claude API | React | Azure | RBAC | TLS 1.3

SAM.gov Intelligence Platform

Eliminates hours of manual opportunity searches by automatically monitoring 60+ federal data sources daily, with intelligent filtering and real-time alerts.

Python | REST API | Automation | Federal
